Rule 5: Application of Tariff

(A) General

1. This Tariff is applicable to the transportation of passengers and their accompanying baggage using aircraft operated by Seair Seaplanes Ltd.
2. With the approval of the Agency, the carrier may enter into code-share agreements with other air carriers whereby it will market, as its own, flights operated by those other carriers. In such cases, this tariff is applicable to the transportation of passengers and their baggage on all flights operated by other carriers yet marketed and sold as Seair Seaplanes Ltd.
3. **Applicable to transportation originating in Canada and the U.S.A.:**
 - (a) Air transportation will be subject to the rules, rates, fares and charges published or referred to in this tariff in effect on the date which the ticket is issued,
4. Unless the fare rule governing a specific fare basis code applicable to the transportation purchased by the passenger states otherwise, the general rules contained in this tariff will apply.
5. The content of this tariff constitutes the contract between the carrier and the passenger. Should there be a conflict between this tariff and any other document issued or posted by the carrier, this tariff will prevail.
6. No agent, employee or representative of the carrier has the authority to alter, modify or waive any provisions of this tariff.
7. The carrier's rules, regulations and conditions of carriage as found in this tariff are subject to change without notice only when required by applicable laws, government regulations, orders and requirements.
8. The carrier will be responsible for the furnishing of transportation only over its own services, including those services offered via code-share arrangements where the flight is operated by another carrier. However, when the carrier issues a ticket, baggage check, or make any other arrangements for transportation over the services of any other carrier (whether or not such transportation is part of a through service), the carrier acts only as agent for such other carrier and the tariff of that other carrier will apply. Seair Seaplanes Ltd. will assume no responsibility for the acts or omissions of such other carrier.

(B) Gratuitous Carriage

Except for the provisions of the Convention, the carrier reserves the right to exclude the application of all or any part of this tariff with respect to gratuitous carriage as stated in this tariff.

(C) Passenger Recourse

Any compensation offered to passengers is found in this tariff and is subject to applicable government regulations.

In the case of dispute with the air carrier, passengers should, as the first recourse, try to resolve any problem by dealing directly with the carrier. If the passenger has attempted to resolve a complaint with the carrier and is still not satisfied, the passenger may take the matter to either the Canadian Transportation Agency or the appropriate court, as the passenger prefers.

Rule 7: Protection of Personal Information

(A) Accountability

The carrier is responsible for personal information under its control.

The carrier uses contractual means to ensure that the passenger's personal information is afforded protection whenever a third party service provider is used to perform services on the carrier's behalf, including, without limitation, services relating to information technology, data processing and storage, research, marketing, conducting surveys and customer relations. In some cases, these third party service providers may be located outside Canada and may be required to disclose information to government authorities in those countries.

Should the passenger have any questions regarding the carrier's policy with respect to the protection of personal information or concerns with respect to the carrier's handling of personal information, the carrier may be contacted at: 604-273-8900.

(B) Identifying Purpose of Collection

When a passenger purchases an airline ticket or makes a flight booking, or when a third party does so on the passenger's behalf, the carrier will require that certain personal information related to the passenger be provided to complete the transaction. This may include the passenger's name, gender, address, e-mail address, telephone number, and information related to the passenger's form of payment. This information is required to identify the passenger, in order to contact the passenger, and to complete the purchasing process.

Information required by Government Authorities

There may be situations in which a carrier is required by government authorities to collect, use or disclose personal information about a passenger, without the passenger's knowledge or consent. Information that carriers are required to collect by government authorities, as a result of the passenger's boarding location and destination, may include: the passenger's full name; date of birth; citizenship; gender; passport number and country of issuance; visa number; permanent resident card number; the means by which the passenger paid for his or her flight; details as to how it was booked; and any other personal information collected by the carrier as set out in this policy or as required by such government authority.

Information collected for Additional Services or Marketing and Related Purposes

When a carrier is requested to provide additional services, for example, the provision of special meals, oxygen or stretcher services, accommodation for passengers with disabilities or to oversee the travel of unaccompanied minors, etc. the carrier may collect additional personal information not otherwise required.

Personal information collected from passengers may also be used for marketing and related purposes.

(C) Consent

The carrier will collect, use and disclose personal information about the passenger with the passenger's knowledge and consent, unless otherwise required or allowed by law. Prior to collecting personal information, the carrier will identify the purposes for doing so and limit the collection, use and disclosure of personal information to those purposes.

Generally, the carrier will collect personal information from the passenger, and use it and disclose it with consent received from the passenger or from someone on the passenger's behalf.

If the carrier identifies a new purpose for using or disclosing the passenger's personal information, unless otherwise required by law, the carrier will contact the passenger to obtain his or her consent for the new use or disclosure and the carrier may use the passenger's contact information, including the passenger's e-mail address, to do so.

Passengers can give consent in many ways. For example:

- (a) an application form may be used to seek consent, collect information, and inform the passenger of the use that will be made of the information. By completing and signing the form, the passenger is giving consent to the collection and the specified uses of the information;
- (b) a checkoff box may be used to allow the passenger to request that their name and address not be given to third parties. A passenger who does

not check the box is assumed to consent to the transfer of their information to third parties;

- (c) consent to the carrier may be given orally when information is collected over the telephone; or
- (d) consent to the carrier may be given at the time that passengers use a product or service.

There may be certain circumstances where personal information can be collected, used, or disclosed without the knowledge and consent of the passenger. For example, legal, medical, or security reasons may make it impossible or impractical to seek consent. When information is being collected for the detection and prevention of fraud or for law enforcement, seeking the consent of the passenger might defeat the purpose of collecting the information. Seeking consent may be impossible or inappropriate when the passenger is a minor, seriously ill, or has a mental health condition.

Withdrawal of Consent

A passenger may withdraw consent at any time, subject to legal or contractual restrictions and reasonable notice. The carrier will inform the passenger of the implications of such withdrawal.

Third Party Bookings and Changes to Bookings

If a third party, including a family member, friend, or work colleague, seeks to make a booking on a passenger's behalf, that third party may be asked to provide the carrier with the same personal information that the carrier would normally collect from the passenger directly in order to complete the transaction. Unless and until the carrier is advised otherwise, the carrier considers that such a third party has the passenger's consent and authorization to provide the carrier with the passenger's personal information and make bookings (and changes thereto) on the passenger's behalf in accordance with the carrier's privacy policy set out in this tariff. Please note that the collection, use and disclosure of the passenger's personal information by a third party is subject to the passenger's dealings with the third party and any applicable privacy policies and practices the third party may have.

If a third party who has booked the passenger's current flight or other travel service or who otherwise has the passenger's full name and booking reference, contacts the carrier and seeks information on the passenger's booking or wishes to make changes to it, the carrier will disclose the passenger's booking information. The carrier will also allow such third party to make changes to the passenger's booking as the carrier will conclude that the passenger has given the third party his or her consent to do so. If the passenger does not want a third party to be able to obtain information on or make changes to the passenger's booking, the passenger should not share the passenger's booking reference with the third party.

(D) Limiting Collection

The carrier will limit the collection of personal information to that which is necessary to fulfill the purposes for which it was identified by the carrier.

Passengers who do not wish to be contacted about special offers or for marketing, research, and survey purposes or any other reason not directly linked to the provision of purchased services on a specific flight, should advise the carrier of their preference at the time of booking.

(E) Limiting Use, Disclosure and Retention

The knowledge and consent of the passenger are required for the collection, use, or disclosure of personal information. If the carrier uses personal information for a new purpose, the carrier must document it, inform the passenger and obtain the passenger's consent once again.

The carrier will not use or disclose the passenger's personal information for purposes other than those for which it was collected without the passenger's consent or as required by law. The passenger should understand that all carriers are required by security laws in several countries to give border control agencies access to passenger data. Accordingly, any information the carrier holds about a passenger and his or her travel arrangements may be disclosed to the appropriate authorities of any country on the passenger's itinerary.

Passenger information is retained for as long as necessary to fulfill the purposes for which it was collected or as required by law. Afterward, the information is destroyed, erased or made anonymous.

(F) Accuracy

Personal information will be as accurate, complete, and up-to-date as is necessary for the purposes for which it is to be used.

The carrier will provide the means to ensure that a passenger can update his/her personal information when necessary to do so.

(G) Safeguards

Personal information will be protected by the carrier through security safeguards appropriate to the sensitivity of the information.

(H) Openness

The carrier will make readily available to a passenger specific information about its policies and practices relating to the management of personal information.

(I) Individual Access

Upon request, a passenger will be informed of the existence, use and disclosure of his or her personal information and will be given access to that information. The passenger will be able to challenge the accuracy and completeness of the information and have it amended as appropriate. Any request must be submitted via the following contact:

Email: contact@seairseaplanes.com

All requests will require no more than 30 days to process.

(J) Challenging Compliance

A passenger will be able to inquire or complain to the carrier about its compliance with its practices relating to the management of personal information. Inquiries or complaints may be sent to the designated individual(s) accountable for the carrier's compliance at the following address:

Before Departure

Part II – Before Departure

Rule 10: Application of Fares and Charges

(A) General

Applicable fares are those published by or on behalf of the carrier or, if not published, constructed in accordance with the carrier's tariff.

Fares and charges will apply only to air transportation between the points named on the ticket. Ground transfer services, unless otherwise specified in Rule 85, Ground Transfer Services, will be arranged by the passenger and at his/her own expense and are not subject to the terms of this tariff.

(B) Fares in Effect

1. Subject to government requirements and this tariff:

- (a) **Applicable to transportation within Canada.**

The applicable fare is the fare in effect on the date which the ticket is issued.

No increase in fares and charges will be collected or more restrictive conditions of carriage (including those related to baggage) applied in the event that an increase in fares and charges occurs or more restrictive conditions are imposed between the date of ticket issuance and the date of travel, provided:

- (i) The ticket is issued with confirmed reservations from a point of origin in Canada at fares and charges applicable on the date of ticket issuance for the date of commencement of travel; and,
 - (ii) The confirmed ticketed reservations are not changed at the passenger's request. Should the passenger request a change to the ticketed reservations then the passenger will be obliged to pay the difference in the fares or be subject to the more restrictive conditions imposed as a result of the change; and
 - (iii) Sale occurs and the ticket is issued in Canada.

If, after a ticket has been issued, a decrease in fares and charges applicable to the transportation covered by the ticket becomes effective, no refund in whole or in part of the original fare will be permitted unless otherwise specified in the applicable fare rule associated with the fare.

- (b) **Applicable to all other transportation not outlined in 1.(a) above:**

The applicable fare is the fare in effect on the date of commencement of the carriage as indicated for the first flight segment of a ticket.

If, after a ticket has been issued and before any portion of the ticket has been used, an increase or decrease in the fares or charges applicable to the transportation covered by the tickets becomes effective, the full amount of such increase or decrease will be collected from, or refunded to, the passenger as the case may be.

When the amount collected is not the applicable fare, the difference shall be paid by the passenger or, as the case may be, refunded by the carrier, in accordance with this tariff.

(C) Routing

1. Unless otherwise provided in the carrier's tariff, fares apply only to their associated routing. If there is more than one routing associated with a fare, the passenger, prior to their ticket being issued, may specify the routing they prefer. If no routing is specified, the carrier may determine the routing. (*See Rule 50, Routings*)
2. Where a fare is purchased from point of origin to the point where return travel commences, and that fare is less than a fare to an intermediate point enroute, the fare charged must be increased to at least the minimum fare applicable to any higher cost intermediate points.

(D) Taxes and Charges

Any tax or charge imposed by government or other authority, or by the operator of an airport, in respect of a passenger or the use by a passenger of any services or facilities will be in addition to the published fares and charges and will be payable by the passenger, except as otherwise provided in the carrier's tariff. (*See Rule 15, Taxes*)

(E) Currency of Fares

1. All fares and charges are stated in Canadian dollars for travel commencing in Canada.

Rule 15: Taxes

(A) General

1. Taxes imposed by governments are payable by the passenger and are in addition to the published or constructed fare.
2. At the time of the ticket purchase, the passenger will be advised by the carrier of all the taxes appearing on the ticket.
3. Taxes will be shown separately on the ticket.
4. The conditions under which taxes are imposed, collected or refunded are established by the taxing authority (domestic or foreign) and in all cases will be respected. As a result, the carrier will either collect new or higher amounts or refund all or a portion of the tax paid based on the conditions imposed by the taxing authority.

Rule 20: Methods of Payment

(A) General

The following is a list of payment options accepted by the carrier for the payment of tickets and services offered by the carrier:

1. Cash in currencies acceptable to the carrier
2. Credit card
3. Bank debit card, where facilities permit
4. Certified cheques
5. Bank drafts
8. Travelers cheques

Rule 25: Currency of Payment

(A) General

1. Currency provisions are subject to government regulations and applicable foreign exchange regulations.
2. When travel commences in Canada, payment for tickets will be in Canadian dollars at the Canadian dollar fare, or its equivalent in other currencies converted to Canadian dollars at the Bankers' Buying Rate of Exchange.

Rule 30: Classes of Service

There is no differentiation of classes of service. All seats are one class. There are no seat assignments.

Rule 35: Capacity Limitations

(A) General

1. A reservation for space on a given flight is valid only when the availability and allocation of that space is confirmed by the carrier and the passenger has paid the appropriate fare and a ticket has been issued for that space.
2. On any given flight, the carrier may limit the number of passengers carried at any given fare. All fares will not necessarily be available on all flights. The number of seats which the carrier shall make available on a given flight will be determined by the carrier's best judgment as to the anticipated total number of passengers on each flight.

Rule 40: Reservations

Note: In the case of code-share, the rules applicable to a passenger's transportation, and that of their baggage, are those of the carrier identified on the passenger's ticket and not of the carrier operating the flight.

(A) General

1. A reservation for space on a given flight is valid when the availability and allocation of the space is entered into the carrier's reservation system and a confirmation number/code is obtained which authenticates the reservation.

2. The carrier will only issue a ticket against a valid reservation. Subject to payment or other satisfactory arrangement and passenger compliance with the check-in time limits set out in paragraph (F) below, a ticket will be issued to the passenger by the carrier or agent of the carrier indicating that the passenger is holding confirmed space for the flight(s) shown on the ticket. The ticket will only apply between the points named on the ticket and the flight coupons that are presented.
3. A passenger who is holding an unused open-date ticket or a portion of that ticket or an MCO for onward travel, or who wishes to change his or her their reservation for another date, will not be entitled to any preferential right to secure a new reservation.

(B) Seat Assignment

1. The carrier does not guarantee the assignment of any particular space on the aircraft.

(C) Cancellation of Reservations

The carrier will cancel reservations of any passenger:

1. To comply with any government regulations; or,
2. To comply with any government request for emergency transportation; or,
3. Due to force majeure, or
4. When the passenger has failed to meet check-in requirements set out in paragraph (F) below.

If a carrier does cancel a passenger's reservation due to (C)1., 2. or 3. the passenger may take advantage of the provisions found in Rule 100, Passenger Rights (Per Flight Rights Canada).

(D) Passenger's Responsibility

The passenger must arrive at the airport with sufficient time to complete check-in, government formalities, security clearance and the departure process while meeting the time limits detailed in (F) below. Flights will not be delayed for passengers who have not completed any of these pre-boarding requirements. The carrier will not be liable for loss or expense due to the passenger's failure to comply with this provision.

(E) Failure to Occupy Seat

If the passenger does not occupy space which has been reserved by/for him/her and the carrier is not notified of the cancellation of such reservation up to and until the

scheduled departure of that particular flight, the carrier will cancel all continuing or return reservations held by the passenger and will not be liable for doing so other than to refund the passenger's ticket in accordance with the applicable fare rule and Rule 125(C), Voluntary Refunds.

(F) Check-in Time Limits

Travel	Recommended check-in time*	Check-in/baggage drop-off deadline**	Boarding gate deadline***
Within Canada	30 minutes	30 minutes	20 minutes

Note: In the case of code-share, passengers are advised that the reservations rules applicable to their transportation are those of the carrier identified on your ticket and not of the carrier operating the flight.

Note: If certain circumstances require a passenger to check-in or present themselves at the boarding gate earlier than the above deadlines, carriers should set out such circumstances and the related deadlines (e.g. to reflect additional time that might be needed to prepare and board a person with a disabilities' power wheelchair at certain airports).

***Recommended check-in time:** To ensure that the passenger has plenty of time to check in, drop off checked baggage and pass through security, the above table sets out how much in advance of the flight's departure time the passenger should check in. e.g. if the passenger's flight from Vancouver leaves at 8:00 a.m., the carrier recommends that the passenger check in at 7:30 a.m. (30 minutes before the flight).

****Check-in and baggage drop-off deadline:** The passenger must have checked in, obtained their boarding pass and **checked all baggage** at the baggage drop-off counter before the check-in deadline for their flight. e.g. if the passenger's flight leaves at 8:00 a.m., the passenger is required to have checked in and checked all baggage with carrier by 7:30 a.m. (30 minutes before their flight).

*****Boarding gate deadline:** The passenger must be available for boarding at the boarding gate by the boarding gate deadline, e.g. if the passenger's flight leaves at 11:00 a.m., the passenger must be at the boarding gate no later than 10:40 a.m. (i.e., 20 minutes before their flight).

If the passenger fails to meet the time limits specified in the above chart, the carrier may reassign any pre-reserved seat and/or cancel the reservation of the passenger and the carrier may not be able to transport the passenger's baggage. The carrier is not liable to the passenger for loss or expense due to the passenger's failure to comply with this provision.

Note: It is recommended that the passenger provide the carrier with a point of contact (e-mail address and/or telephone numbers) in case the carrier must communicate with

the passenger prior to his/her departure or at any point during the passenger's itinerary. A carrier has an obligation to make a reasonable effort to inform its passengers of any delays or schedule changes. (See *Rule 90(B)4.*)

Rule 45: Stopovers

(A) General

Stopovers will be permitted under the following conditions:

- (a) Stopovers must be arranged with the carrier in advance and specified on the ticket.
- (b) Specific fare rules may not permit stopovers or limit the number of stopovers allowed or there may be an additional charge for stopovers based on the fare purchased by the passenger. Refer to the rule applicable to the fare in question for further information.
- (c) If a portion of a journey is travelled by surface transportation, a stopover will be deemed to have taken place for such transportation.
- (d) **For travel within Canada and between Canada:** A deliberate interruption of a journey for more than 4 hours will constitute a stopover.

Rule 50: Routings

(A) Application

1. A routing is applicable only to the fares which are specifically associated with it.
2. A routing may be travelled via any or all of the cities named in the routing diagram, unless otherwise restricted.
3. All or part of the applicable routing may result in non-stop travel.
4. An intermediate point(s) specified along the routing may be omitted.
5. All routings are applicable in either direction, unless otherwise restricted.
6. For those routings permitting choice of carrier for carriage between the same points, only one of those carriers may be used.
7. Where no carrier is indicated between two points, travel is limited to Sear Seaplanes Ltd.

8. If more than one routing is applicable via the same fare, the passenger, prior to the issuance of the ticket, may specify the routing. If no routing is specified by the passenger, the carrier will determine the routing.

Rule 54: Interline Baggage Acceptance

Definitions

"Airline Designator Code"

an identification code comprised of two-characters which is used for commercial and traffic purposes such as reservations, schedules, timetables, ticketing, tariffs and airport display systems. Airline designators are assigned by IATA. When this code appears on a ticket, it reflects the carrier that is marketing the flight, which might be different from the carrier operating the flight.

"Baggage Rules"

the conditions associated with the acceptance of baggage, services incidental to the transportation of baggage, allowances and all related charges. For example, baggage rules may address the following topics:

- The maximum weight and dimensions of passenger bags, if applicable, both checked and unchecked;
- The number of checked and unchecked passenger bags that can be transported and the applicable charges;
- Excess and oversized baggage charges;
- Charges related to check-in, collection and delivery of checked baggage;
- Acceptance and charges related to special items, e.g. surf boards, pets, bicycles, etc;
- Baggage provisions related to prohibited or unacceptable items, including embargoes;
- Terms or conditions that would alter or impact the baggage allowances and charges applicable to passengers (e.g. frequent flyer status, early check-in, pre-purchasing baggage allowances with a particular credit card); and,
- Other rules governing treatment of baggage at stopover points, including passengers subject to special baggage allowances or charges, etc.

"Down Line Carrier"

any carrier, other than the selecting carrier, who is identified as providing interline transportation to the passenger by virtue of the passenger's ticket.

"Interline agreement"

an agreement between two or more carriers to co-ordinate the transportation of passengers and their baggage from the flight of one air carrier to the flight of another air carrier (through to the next point of stopover).

"Interline itinerary"

all flights reflected on a single ticket involving multiple air carriers. Only travel on a single ticket is subject to the Agency's approach provided the origin or the ultimate ticketed destination is a point in Canada.

"Interline travel"

travel involving multiple air carriers listed on a single ticket that is purchased via a single transaction.

"Marketing Carrier"

the carrier that sells flights under its code.

"Most Significant Carrier (MSC)"

is determined by a methodology, established by IATA (Resolution 302) (see Appendix XX), which establishes, for each portion of a passenger's itinerary where baggage is checked through to a new stopover point, which carrier will be performing the most significant part of the service. For travelers under the Resolution 302 system, the baggage rules of the MSC will apply. For complex itineraries involving multiple checked baggage points, there may be more than one MSC, resulting in the application of differing baggage rules through an itinerary.

"Most Significant Carrier (MSC) – IATA Resolution 302 as conditioned by the Agency"

in this instance, the MSC is determined by applying IATA Resolution 302 methodology as conditioned by the Agency. The Agency's reservation has stipulated that only a single set of baggage rules may apply to any given interline itinerary. The aim of the Agency's reservation is to allow the selecting carrier to use the MSC methodology to determine which carrier's baggage rules apply to an international interline itinerary to or from Canada, while reinforcing the role of tariffs in the determination of which carrier's rules apply.

"Operating Carrier"

the carrier that operates the actual flight.

"Participating Carrier(s)"

includes both the selecting carrier and down line carriers who have been identified as providing interline transportation to the passenger by virtue of the passenger's ticket.

"Selected Carrier"

the carrier whose baggage rules apply to the entire interline itinerary.

"Selecting Carrier"

the carrier whose designator code is identified on the first flight segment of the passenger's ticket at the beginning of an interline itinerary issued on a single ticket whose origin or ultimate destination is in Canada.

"Single ticket"

a document that permits travel from origin to destination. It may include interline/code-share and intra-line segments. It may also include end-to-end combinations (i.e., stand alone fares that can be bought separately but combined together to form one price).

"Summary page at the end of an online purchase"

a page on a carrier's Web site which summarizes the details of a ticket purchase transaction just after the passenger has agreed to purchase the ticket from the carrier and has provided a form of payment.

"Ultimate ticketed destination"

In situations where a passenger's origin is a non-Canadian point and the itinerary includes at least one stop in Canada, as well as at least one stop outside of Canada. If the stop in Canada is the farthest checked point and the stop is more than 24 hours, the Agency would consider the ultimate ticketed destination to be Canada.

(A) Applicability

This rule is applicable to all interline itineraries issued on a single ticket whose origin or ultimate ticketed destination is in Canada.

It establishes how the carrier will determine which carrier's baggage rules apply to any passenger's entire interline itinerary.

(B) General

For the purposes of interline baggage acceptance:

- i. the carrier whose designator code is identified on the first segment of the passenger's interline ticket will be known as the selecting carrier.
- ii. any carrier who is identified as providing interline transportation to the passenger by virtue of the passenger's ticket will be known as a participating carrier.

(C) Baggage Rule Determination by Selecting Carrier

Checked Baggage

The selecting carrier will:

- a) Select and apply its own baggage rules as set out in its tariff to the entire interline itinerary.

OR

- b) Select the Most Significant Carrier, as determined by IATA Resolution 302 and conditioned by the Canadian Transportation Agency, in order for that carrier's baggage rules, as established in its tariff, to apply to the entire interline itinerary.

The carrier identified by means of a) or b) will be known as the selected carrier.

Carry-On Baggage

Each operating carrier's carry-on baggage allowances will apply to each flight segment in an interline itinerary. Notwithstanding, the carry-on baggage charges that will apply to the entire interline itinerary will be those of the selected carrier.

(D) Baggage Rule Application by Participating Carrier

Where the carrier is not the selected carrier on an interline itinerary but is a participating carrier that is providing transportation to the passenger based on the ticket issued, the carrier will apply as its own the baggage rules of the selected carrier throughout the interline itinerary.

(E) Disclosure of Baggage Rules

Summary Page at the end of an Online Purchase and E-Ticket Disclosure

1. For baggage rules provisions related to a passenger's 1st and 2nd checked bag and the passenger's carry-on baggage (i.e., the passenger's "standard" baggage allowance), when the carrier sells and issues a ticket for an interline itinerary, it will disclose to the passenger on any summary page at the end of an online purchase and on the passenger's itinerary/receipt and e-ticket at the time of ticketing the baggage information relevant to the passenger itinerary as set out in paragraph 2. below. The disclosed information will reflect the baggage rules of the selected carrier.

2. The carrier will disclose the following information:
 - a) name of the carrier whose baggage rules apply;
 - b) passenger's free baggage allowance and/or applicable fees;
 - c) size and weight limits of the bags, if applicable;
 - d) terms or conditions that would alter or impact a passenger's standard baggage allowances and charges (e.g. frequent flyer status, early check-in, pre-purchasing baggage allowances with a particular credit card);
 - e) existence of any embargoes that may be applicable to the passenger's itinerary; and,
 - f) application of baggage allowances and charges (i.e., whether they are applied once per direction or if they are applicable at each stopover point).

3. The carrier will provide this information in text format on the passenger's e-ticket confirmation. Any fee information provided for carry-on bags and the first and second checked bag will be expressed as specific charges (i.e., not a range).

Web site Disclosure

The carrier will disclose on its Web site, in a convenient and prominent location, a complete and comprehensive summary of all of the carrier's own baggage rules, including information concerning:

- a) The maximum weight and dimensions of passenger bags, if applicable, both checked and unchecked;
- b) The number of checked and unchecked passenger bags that can be transported and the applicable charges;
- c) Excess and oversized baggage charges;
- d) Charges related to check in, collection and delivery of checked baggage;
- e) Acceptance and charges related to special items, e.g. surf boards, pets, bicycles, etc.;
- f) Baggage provisions related to prohibited or unacceptable items, including embargoes;

- g) Terms or conditions that would alter or impact the baggage allowances and charges applicable to passengers (e.g. frequent flyer status, early check in, pre-purchasing baggage allowances with a particular credit card);and,
- h) Other rules governing treatment of baggage at stopover points, including passengers subject to special baggage allowances or charges, etc.

Rule 55: Baggage Acceptance

(A) Applicability

This rule applies to intraline (online) transportation of baggage and interline transportation of baggage where the carrier is selected to apply its own baggage rules to an entire interline itinerary.

(B) General Conditions of Acceptance of Checked and Unchecked Baggage

The carrier will accept for transportation as baggage, any good that is necessary or appropriate for the wear, use, comfort, or convenience of the passenger for the purpose of the trip, subject to the following:

1. Checked Baggage

- a) Once the carrier takes possession of the passenger's checked baggage, the carrier will issue a baggage identification tag for each piece of checked baggage. A portion of this tag will be provided to the passenger and each bag will be affixed with the corresponding remaining portion of the tag.
- b) Checked baggage will be carried on the same aircraft as the passenger unless the baggage is delayed or the carrier decides that it is impractical to carry the baggage on the same aircraft. In case of delay, the carrier will take necessary steps to inform the passenger on the status of the baggage, ensure the passenger has their incidentals covered or an overnight kit is provided as practicable and arrange to deliver the baggage to the passenger as soon as possible unless applicable laws require the presence of the passenger for customs clearance.

Note: This provision does not apply to aids for persons with disabilities.

See Rule 70(E) and 71(F)

2. Unchecked Baggage (Carry-on baggage)

- a) Unchecked baggage must be within the carrier's size and weight limits to be taken onboard the aircraft.
- b) Unchecked baggage must fit under the seat located in front of the passenger or in the enclosed storage compartment in the passenger cabin of the aircraft.

Note: This provision does not apply to aids for persons with disabilities.

See Rule 70(E) and 71(F).

- c) Objects which are not suitable for carriage as checked baggage (e.g. delicate musical instruments) will only be accepted for transportation in the passenger cabin of the aircraft if advance notice is given to the carrier and the carrier agrees to carry the object. Passengers should contact the carrier or review its Web site for more information about which objects are not suitable for carriage as checked baggage and will only be accepted for transportation in the passenger cabin of the aircraft upon prior agreement with the carrier.

(C) Free Baggage Allowance

Each paying passenger is entitled to carry free of charge checked and unchecked baggage as specified to a maximum weight of 35 lbs total. A child under two (2) years travelling for free with a fare-paying adult is not entitled to any baggage allowance.

- a) If a passenger exceeds the maximum weight allowed for each bag or the maximum dimensions permitted for each checked or carried on bag, the passenger will be subject to the excess baggage charges set out in the chart in paragraph (E).

Note: This provision does not apply to aids for persons with disabilities.
(See Rule 70(E) and 71(F))

- b) The passenger's name and point of contact must appear on the baggage. It is recommended that the name and point of contact also be included inside the baggage.

(D) Collection and Delivery of Baggage

1. The passenger has the right to retrieve his or her baggage without delay.
2. Only the passenger who was given a baggage identification tag when the carrier took possession of the baggage is entitled to accept delivery of the baggage.
3. If the passenger claiming the checked baggage is unable to produce his/her portion of the baggage identification tag and identify the baggage by means of its

baggage identification tag, the carrier must receive satisfactory proof that the baggage belongs to the passenger in question before delivering the baggage to the passenger.

4. Acceptance of the baggage without complaint, within the time limits stipulated in Rule 125(D) or Rule 126(C), by the passenger in possession of the baggage identification tag is evidence that the carrier delivered the baggage in good condition and in accordance with this tariff.

(E) Musical Instruments

1. Weight, Size and Quality Restrictions

The weight and dimensions restrictions for luggage apply to musical instruments. Please see maximum Luggage Dimensions on Seair Seaplanes luggage page for more information (<https://www.seairseaplanes.com/schedules-fares/cargo-pets/>) for more detailed information on baggage and luggage allowances specific to aircraft type.

2. Cabin Storage Options

At the aircraft, all bags including musical instruments, will be stowed in the cargo area, at the rear of the aircraft. For safety purposes, only very small items that will fit in the seatback pocket may be carried with passengers into the cabin.

3. Options in the Event of Aircraft Downgrading

In the event passenger's aircraft is downgraded to a smaller aircraft, Seair Seaplanes will take all reasonable efforts to accommodate instruments, however, there may be restrictions due to the size of the aircraft. If the instrument does not travel with the traveler, it will be placed on the next available flight that can accommodate its size.

4. Fees for Transporting Musical Instruments

Passenger's musical instrument will count towards their luggage weight allowance (based on purchased fare). If total luggage weight is in excess of the guaranteed allowance, all additional luggage (including musical instrument) weight will incur additional baggage weight fees as per the specific fare terms and conditions. Anything above the guaranteed luggage allowance travels on a space available, standby basis.

(F) Excess Baggage

Baggage in excess of the free baggage allowance will be accepted by the carrier upon payment of the applicable charge. The charge for the excess baggage is payable prior

to departure at the point of check-in. In the event that a flight is cancelled, a refund for excess baggage charges will be provided to passenger in a timely matter.

Note: This provision does not apply to aids for persons with disabilities. (See Rule 70(E) and 71(F))

Excess Baggage

Standard Fare (Nanaimo routes)	\$1.50/LB CAD	\$1.50/LB CAD

Note: In the case of code-share, passengers are advised that the baggage rules applicable to their transportation are those of the carrier identified on your ticket and not of the carrier operating the flight.

(G) Excess Value Declaration Charge

The passenger may declare a value in excess of the applicable liability limits for the checked baggage and pay any excess value charges to the carrier prior to departure at the point of check-in at the rate \$10 CAD per \$100 CAD of excess valuation to a maximum of \$3,000 CAD of excess valuation.

Note: This provision does not apply to aids for persons with disabilities.

(See Rule 70(E) and 71(F))

(H) Items Unacceptable as Baggage

The following items are unacceptable as baggage and will not be transported by the carrier:

1. Items which are forbidden to be carried by the applicable laws, regulations, or orders of any country to be flown from, to, or over.
2. Items which are likely to endanger the aircraft or persons or property on board the aircraft. These unacceptable items are specified in the International Civil Aviation Organization (ICAO) *Technical Instructions for the Safe Transport of Dangerous Goods by Air* and the International Air Transport Association (IATA) *Dangerous Goods Regulations*.
3. Items, which in the carrier's opinion, are unsuitable for carriage because of their weight, size or character, for example, fragile or perishable items.
4. Live animals except as provided in Rule 75, Acceptance of Animals (Service Animals and Pets).
5. Firearms and ammunition other than for hunting or sporting purposes are prohibited from carriage as baggage. Firearms and ammunition for hunting and sporting purposes will be accepted as checked baggage provided the firearms are not loaded, the safety catch is in the "on" position and the firearms are suitably packed. The carriage of ammunition is subject to the ICAO and IATA regulations mentioned in 2. above.
6. Weapons such as antique firearms, swords, knives and other similar items may be accepted as checked baggage at the carrier's discretion, provided they are suitably packed.
7. The passenger shall not include in the checked baggage fragile or perishable items, money, jewellery, precious metals, silverware, negotiable papers, securities or other valuables, business documents, samples, passports and other identification documents.

(I) Right to Refuse Carriage of Baggage

1. The carrier will refuse to carry as checked baggage any bag that the carrier has discovered to contain any unacceptable item mentioned in (G) above and when the passenger fails to provide the carrier with prior notice that they wish to carry such an item in their baggage.
2. The carrier will, at its sole discretion, refuse to carry any baggage because of its size, shape, weight or character.
3. Unless advance arrangements have been made with the carrier, the carrier may carry on later flights baggage which is in excess of the free baggage allowance.
4. The carrier will refuse to carry checked baggage if it determines that the baggage has not been properly and securely packed in suitable suitcases or containers.

Note: This provision does not apply to aids for persons with disabilities.

See Rule 70(E) and 71(F)

(J) Right of Search

The carrier may request the passenger to permit a search to be conducted of his/her person and baggage. The carrier may search baggage in the passenger's absence. The purpose of any search is to ensure aircraft and passenger safety, security and to determine whether the passenger is in possession of or the baggage contains items mentioned in (G) above or any arms or ammunition which have not been presented to the carrier. If the passenger refuses to comply with the request for search, the carrier may refuse to carry the passenger and/or his/her baggage.

(B) Acceptance of Declaration of Self-Reliance

Except for applicable safety-related rules and regulations, the carrier will accept the determination made by or on behalf of a person with a disability as to self-reliance. Once advised that he or she is “self-reliant,” the carrier shall not refuse such passenger transportation on the basis that the person with a disability is not accompanied by a personal attendant or based on the assumption that the passenger may require assistance from carrier employees in meeting the passenger’s needs such as assistance with eating, using the washroom facilities or administering medication which are beyond the range of services that are normally offered by the carrier.

See also: Rule 105(A)6.(d), Refusal to Transport, Passenger’s Condition, Medical clearance

(C) Medical Clearance

A carrier will not automatically require a medical clearance for persons with disabilities as a condition of travel. Rather, a carrier may, in good faith and using its reasonable discretion, determine that a person with a disability requires medical clearance where their safety or well-being, in terms of such things as assistance with eating, using the washroom facilities, or that of other passengers is in question. Where a carrier refuses to transport a passenger for such reasons, a written explanation must be provided at the time of refusal. When medical clearance is required, a carrier may assess a person’s fitness to travel based on information and/or documentation submitted by the person with a disability (such as a note from the person’s physician or healthcare professional).

 - (d) any prosthesis or small medical device.

Where possible, the carrier will allow persons with disabilities to retain any items outlined in (b), (c) or (d) at their seat.

The carrier will assign a seat to the person which provides sufficient space for the person and the service animal and the carrier will permit the service animal to accompany the person with a disability on board and to remain on the floor at the person's passenger seat. Where there is insufficient floor space in the seat row of the person's passenger seat, the carrier will permit the service animal to remain on the floor in an area where the person can still exercise control over the animal.

2. the person agrees to be hand-carried; and
3. this can be done safely.

(H) Boarding and Deplaning

Where a person with a disability requests assistance in boarding or seating or in stowing carry-on baggage, an air carrier will allow the person, upon request, to board the aircraft in advance of other passengers where time permits. At the same time, the carrier will announce what type of benefits passengers will be entitled to should a passenger voluntarily relinquish his/her seat. The carrier will continue to make this request of passengers until it obtains enough volunteers to prevent other passengers from being involuntarily denied boarding or until it determines that it does not, despite its best efforts, have enough volunteers.
2. Once a passenger has voluntarily relinquished his/her seat, the passenger will not later be involuntarily denied boarding unless he/she has been advised at the time he/she volunteered of such possibility. 3. The passenger who voluntarily surrenders his/her seat will receive agreed upon benefits from the carrier. 6. Passenger's Condition

- (a) When the passenger's actions or inactions prove to the carrier that his/her mental, intellectual or physical condition is such as to render him/her incapable of caring for himself/herself without assistance or medical treatment en route unless:

- (i) the passenger is accompanied by a personal attendant who will be responsible for assisting with the passenger's needs en route such as assistance with eating, using the washroom facilities or administering medication which are beyond the range of services that are normally offered by the carrier; and,
- (ii) the passenger complies with requirements of Rule(s) 70 or 71, Carriage of Persons with Disabilities.

Exception: (for transportation to/from and within Canada) the carrier will accept the determination of a person with a disability as to self-reliance as per Rule(s) 70 or 71, Carriage of Persons with Disabilities.

Note: If the passenger is accompanied by an attendant and the passenger is refused transport, then the attendant will also be refused transport and the two will be removed from the aircraft together.

- (b) When the passenger has a contagious disease.
- (c) When the passenger has an offensive odour.

Medical clearance

- (d) When the carrier determines, in good faith and using its reasonable discretion, that a passenger's medical or physical condition involves an unusual hazard or risk to their self or other persons (including, in the case of expectant mothers, unborn children) or property. The carrier can require the passenger to provide a medical certificate that then may be assessed by the carrier's own medical officer as a condition of the passenger's acceptance for subsequent travel. The carrier may refuse transportation to the person posing such hazard or risk.

Note: Pregnant passengers:

- (i) An expectant mother with a complication-free pregnancy can travel on the carrier's flights up to the 36th week of her pregnancy or up to four weeks before her expected due date without a medical certificate.
- (ii) An expectant mother who is in or beyond the 36th week of her pregnancy must present a medical certificate, dated within 72 hours of the scheduled time of departure. The certificate must state that the physician has examined the patient and found her to be physically fit for travel by air and the certificate must state the estimated date of birth.

7. Failure to Provide a Suitable Escort

When the passenger requires an escort due to a mental health condition and under care of a psychiatric institution or in the custody of law enforcement personnel or other responsible authority and the necessary arrangements have not been made with the carrier in advanced of the departure of the flight.

However, the carrier will accept escorted passengers under the following conditions when the passenger has a mental health condition and is under care of a psychiatric institution or in custody of law enforcement personnel or other responsible authority:

- (a) Medical authority furnishes assurance, in writing, that an escorted person with a mental health condition can be transported safely.
- (b) Only 1 escorted passenger(s) will be permitted on a flight.
- (c) Request for carriage is made at least 48 hours before scheduled departure.
- (d) Acceptance is for online travel only.
- (e) The escort must accompany the escorted passenger at all times.
- (f) Passenger in custody of law enforcement personnel or other responsible authority must be manacled.

(B) Passenger's Conduct – Refusal to Transport – Prohibited Conduct and Sanctions

1. Prohibited Conduct

Without limiting the generality of the preceding provisions, the following constitutes prohibited conduct where it may be necessary, in the reasonable discretion of the carrier, to take action to ensure the physical comfort or safety of the person, other passengers (in the future and present) and/or the carrier's employees; the safety of the aircraft; the unhindered performance of the crew members in their duty onboard the aircraft; or safe and adequate flight operations:

- (a) The person, in the reasonable judgement of a responsible employee of the carrier, is under the influence of alcohol or drugs (except a patient under medical care).
- (b) The person's conduct, or condition is or has been known to be abusive, offensive, threatening, intimidating, violent or otherwise disorderly, and, in the reasonable judgement of a responsible employee of the carrier, there is a possibility that the person would cause disruption or serious impairment to the physical comfort or safety of other passengers or carrier's employees, interfere with a crew member in the performance of his/her duties, or otherwise jeopardize safe and adequate flight operations.
- (c) The person's conduct involves any hazard or risk to their self or other persons (including travel involving pregnant passengers or unborn children) or to property.

- (d) The person fails to observe the instructions of the aircraft crew, including instructions to stop any prohibited conduct.
- (e) The person is unable or unwilling to sit in his/her assigned seat with the seat belt fastened.
- (f) The person smokes or attempts to smoke in the aircraft.
- (g) The person uses or continues to use a cellular phone, a laptop computer or another electronic device onboard the aircraft after being advised to stop such use by a member of the crew.
- (h) The person is barefoot.
- (i) The person is inappropriately dressed.
- (j) The person has a prohibited article or concealed or unconcealed weapon(s). However, the carrier will carry law enforcement or armed forces personnel who meet the qualifications and conditions established under government regulations.
- (k) The person has resisted or may reasonably be believed to be capable of resisting escorts.

2. Carrier Response to Prohibited Conduct

Where, in the exercise of its reasonable discretion, the carrier decides that the passenger has engaged in prohibited conduct described above, the carrier may impose any combination of the following sanctions:

- (a) Removal of the passenger at any point.
- (b) **Probation:** At any time, the carrier may stipulate that the passenger is to follow certain probationary conditions, such as to not engage in prohibited conduct, in order for the carrier to provide transport to the passenger. Such probationary conditions may be imposed for any length of time which, in the exercise of the carrier's reasonable discretion, is necessary to ensure the passenger continues to avoid prohibited conduct.
- (c) **Refusal to Transport the Passenger:** The length of this refusal to transport may range from a one-time refusal to a longer period determined at the reasonable discretion of the carrier in light of the circumstances. Such refusal will be for a period appropriate to the nature of the prohibited conduct and until the carrier is satisfied that the passenger no longer constitutes a threat to the safety of other passengers, crew or the aircraft or to the comfort of other passengers or crew; the unhindered performance of the crew members in their duty onboard the aircraft; or safe and adequate flight operations.

- (d) The following conduct will automatically result in a refusal to transport, up to a possible lifetime ban:
- (i) The person continues to interfere with the performance of a crew member's duties despite verbal warnings by the crew to stop such behaviour.
 - (ii) The person injures a crew member or other passenger or subjects a crew member or other passenger to a credible threat of injury.
 - (iii) The person displays conduct that requires an unscheduled landing and/or the use of restraints such as ties and handcuffs.
 - (iv) The person repeats a prohibited conduct after receiving a notice of probation as mentioned in 2. above.

These remedies are without prejudice to the carrier's other rights and recourses, namely to seek recovery of any damage resulting from the prohibited conduct or as otherwise provided in the carrier's tariffs, including recourses provided in the carrier's frequent flyer program or the filing of criminal or statutory charges.

(C) Recourse of the Passenger/Limitation of Liability

1. The carrier's liability in case of refusal to carry a passenger for a specific flight or removal of a passenger en route for any reason specified in the foregoing paragraphs will be limited to the recovery of the refund value of the unused portion of the passenger's ticket in accordance with Rule 125(B), Involuntary Refunds.

Notwithstanding the foregoing paragraph, passengers and their baggage will be entitled to all other additional rights they may have under this tariff or elsewhere or any legal rights that international passengers may have pursuant to international conventions (e.g., the [Warsaw Convention](#) or the [Montreal Convention](#)) and related treaties.

2. A person who is refused carriage for a period of time, up to a lifetime ban, or to whom a probation notice is served may provide to the carrier, in writing, the reasons why he/she believes they no longer poses a threat to the safety or comfort of passengers or crew, or to the safety of the aircraft. Such document may be sent to the address provided in the refusal to carry notice or the notice of probation.
3. The carrier will respond to the passenger within a reasonable period of time providing carrier's assessment as to whether it remains necessary to continue the ban or maintain the probation period.

Rule 110: Passenger Expenses En Route

(A) General

1. Except as stated in paragraph 2 below, the fare paid for a ticket does not include the cost of any expenses the passenger may incur en route.
2. The carrier will absorb passenger expenses en route which may include hotel accommodations, charges for communications, ground transfer services or meals other than those served onboard an aircraft when the passenger's flight is delayed, or when the passenger is not able to immediately travel on a connecting flight at a transfer point as described in (B) below.

(B) Application

Not applicable to travel within Canada or between Canada and the U.S.A.:

Passenger expenses en route, such as charges for hotel accommodation, communications, ground transfer services or meals other than those served onboard an aircraft, will be absorbed at transfer points by the carrier under the following conditions:

1. The passenger purchases a ticket in any class.
2. The passenger holds confirmed reservations for onward travel before arrival at the transfer point.
3. When there is no connecting service on any carrier within 24 hours, the carrier will absorb expenses en route for a maximum of 24 hours provided the passenger holds confirmed reservations for onward travel on the first connecting flight of any carrier prior to the passenger's arrival at the transfer point.
4. Expenses will not be absorbed where there are onward connecting services of any carrier which will transport the passenger within 24 hours to their destination or next connecting or stopover point.
5. The carrier transporting the passenger to the first applicable transfer point will be responsible for making all required arrangements as mentioned in (A)2. above.

Rule 115: Tickets

(A) General

1. A ticket will not be issued and the carrier will not carry the passenger unless the passenger has paid the applicable fare or has complied with all credit arrangements.
2. Before boarding, the passenger must present the carrier with proof that he/she has been issued a valid ticket for the flight. Such proof must be in the form of an itinerary/receipt, a record locator or reservation number, or boarding pass and the passenger must provide the carrier with positive identification to be entitled to transportation. The ticket will give the passenger the right to transportation only between the points of origin and destination, and on the dates, times and via the routing shown on the ticket.
3. Flight coupons will be honoured only in the order, in which they are displayed on the passenger's ticket and stored in the carrier's database.
4. The ticket remains at all times the property of the carrier which issued the ticket.
5. The carrier does not permit the passenger to hold more than one confirmed reservation/ticket on the same departure flight/origin and destination for the same travel date.

(B) Validity for Carriage

1. **General:** When validated, the ticket is good for carriage from the airport of departure to the airport of destination via the route shown on the ticket, for the applicable class of service and is valid for the period of time referred to in 2 below. The passenger will be accepted for carriage on the date and flight segments for which a seat has been reserved. When flight segments are issued on an "**open date**" basis (see Rule 115(G) below), a seat will be reserved only when the passenger makes a reservation request with the carrier. The carrier's agreement to accept a reservation request is subject to the availability of space. The place and date of issue are then indicated on the ticket.
2. **Period of Validity:** Generally, the period of validity for transportation will be one year from the date on which transportation commences at the point of origin designated on the original ticket, or, if no portion of the ticket is used, one year from the date of issuance of the original ticket. However, certain fares may have different periods of validity. If this is the case, the specific rules associated with the fare will take precedence.

3. **Computation of the Ticket Validity:** When computing the ticket validity i.e., the minimum/maximum stays and any other calendar periods set out in the ticket, the first day to be counted will be the day following the date that transportation commenced or that the ticket was issued.
4. **Expiration of Validity:** Tickets expire at midnight on the last day of validity based on where the ticket was issued.

(C) Extension of Ticket Validity

1. **Carrier's Operations:** If a passenger is prevented from travelling within the period of validity of his/her ticket because the carrier:
 - (a) Cancels the flight upon which the passenger holds confirmed space;
 - (b) Omits a scheduled stop, provided this is the passenger's place of departure, place of destination, or place of stopover;
 - (c) Fails to operate a flight reasonably according to schedule;
 - (d) Causes the passenger to miss a connection;
 - (e) Substitutes a different class of service;
 - (f) Is unable to provide previously confirmed space.

The carrier will, without collecting any additional fare, extend the validity of the passenger's ticket until the passenger can travel on the first flight of the carrier, in the class of service which the passenger's fare was paid, and for which space is available. Validity can only be extended up to 30 days.

2. **Lack of Space:** If the passenger who is in possession of a ticket is prevented from travelling within the period of validity of his/her ticket because the carrier is unable to provide space, the validity of the passenger's ticket will be extended until he/she can be re-accommodated on the first flight which has space available in the same class of service which the passenger had originally paid to travel.
3. **Medical Reason:** If the passenger is unable to commence travel due to medical reasons, the carrier will extend the period of validity beyond the original validity expiry date for a maximum of three months. A ticket can only be extended once and the extension must be requested within 30 days prior to the expiry date of the original ticket validity. The medical reason must be certified in writing by a physician specifying that the passenger is prevented from commencing his journey before his/her original ticket expires.

(D) Waiver Minimum/Maximum Stay Provision

1. In the Event of Death of a Family Member Not Accompanying the Passenger

If the passenger holding a special fare ticket returns prior to the expiry of the minimum stay requirement because of the death of an immediate family member not accompanying the passenger, the passenger will be entitled to a refund of the additional amounts paid in order to return early, provided the passenger traveled in the economy cabin. However, no refund will be permitted unless the passenger produces a death certificate confirming that the death of the family member occurred after the commencement of travel.

2. In the Event of a Passenger's Death – Provisions for Accompanying Passengers

(a) Extension of Ticket Validity (Beyond 1 Year) for Normal Fares and Waiver of the Maximum Stay Requirements of Special Fares

The carrier will extend the ticket validity for passengers who are either members of the immediate family of the deceased passenger or are other persons actually accompanying the deceased passenger for up to 45 days beyond the original ticket validity expiry date or 45 days after the date of death of the passenger, whichever date occurs first.

A death certificate or a copy, duly executed by the competent authorities in the country in which the death occurred, must be presented at the time of re-ticketing. A competent authority is a person designated to issue a death certificate by the laws of the country concerned.

If the death certificate is not available at the time the passengers are to travel, or, if the carrier has reason to doubt the validity of such certificate, passengers will be accommodated only upon payment of the fare for the transportation used, and a request for refund may be filed with the carrier. Upon receipt of the request for refund and all supporting documents, the carrier will determine the validity of the request and, if valid, will refund the difference between the total fare paid by the passengers and the amount the passengers would have paid under the provision of this rule.

(b) Waiver of Minimum Stay Requirements – Special Fares

In the event of the death of a passenger en route, the minimum stay and group travel requirements with regard to special fares will be waived for passengers who are either members of the immediate family of the deceased passenger or are other persons actually accompanying the deceased person.

Passengers who have had their minimum stay requirement waived will only be accommodated in the class of service originally ticketed.

A death certificate or a copy, duly executed by the competent authorities, in the country in which the death occurred must be presented at the time of re-ticketing. A competent authority is a person designated to issue a death certificate by the applicable laws of the country concerned.

If the death certificate is not available at the time the passengers are to travel, or, if the carrier has reason to doubt the validity of such certificate, passengers will be accommodated only upon payment of the fare applicable to the transportation used, and a request for refund may be filed with the carrier. Upon receipt of the request for refund and all supporting documents, the carrier will determine the validity of the request and, if valid, will refund the difference between the total fare paid by the passengers and the amount the passengers would have paid under the provision of this rule.

3. Medical Reasons and Illness

(a) **Ticket Extension:**

In the case of Normal fares, if, after the passenger commences travel and is prevented from travelling within the period of validity of the ticket because of illness, the carrier will extend the period of validity of the passenger's ticket until the date when the passenger becomes fit to travel according to a medical certificate. Should space not be available when the passenger becomes fit to travel, the carrier will re-accommodate the passenger on the first flight on which space is available. In all cases, travel will be in the same class of service which the passenger had originally paid to travel from the point where the journey is resumed. However, when the remaining flight coupons of the ticket involve one or more stopovers, the validity of the ticket will not be extended for more than three months from the date shown on the medical certificate. In these circumstances, the carrier will also extend the period of validity of the tickets of persons travelling with the incapacitated passenger.

In the case of Special fare tickets, the carrier will extend the validity of the tickets until the date of the first available flight after the passenger becomes fit to travel according to the medical certificate, but not more than seven days beyond the date when the passenger becomes fit to travel.

(b) **Waiver of the Minimum Stay Requirement for Special Fares:**

In the event of illness, there will be no reduction or waiver of the required minimum stay.

(E) Upgrading (Changing from a Lower to a Higher Fare Ticket)

1. Before travel commences, a passenger may upgrade to a fare of higher value to travel to any of the carrier's destinations in the world provided travel is in accordance with 3 below.
2. Penalties and additional charges are waived when a fare is upgraded in accordance with 1 above.
3. Passengers upgrading in accordance with 1 above, may do so provided:
 - (a) Ticketing and advance purchase requirements of the new fare have been met; and
 - (b) Travel is via Sear Seaplanes Ltd.; and
 - (c) Reservations have been booked in the appropriate class of service of the new fare; and
 - (d) The difference in fares has been paid.
4. After departure, the passenger holding a ticket for return, circle trip or open jaw travel may upgrade the total fare in accordance with the rules of the fare paid.
5. The original fare paid (including all additional charges) will be used as a full credit towards the fare for the upgraded journey.
6. In the event travel at the new fare is subsequently changed and/or cancelled, the higher fee(s) for either the originally purchased or new fare shall be assessed.

Exception: For travel which has been upgraded to a fare type which has no associated fees, changes may be made without additional charge; however, the cancellation fee from the original fare will be applied to the new upgraded fare.

(F) Coupon Sequence

Flights appearing on the passenger's itinerary receipt and in the carrier's database must be used in sequence from the place of departure as shown on the passenger's ticket. Each flight coupon will be accepted for transportation in the class of service on the date and flight for which space has been reserved.

(G) Open Tickets

If a ticket or a flight coupon is issued without a specific seat on a flight being reserved in the carrier's reservation system, i.e. left open, space may be later reserved subject to

the tariff conditions of the purchased fare and provided space is available on the flight requested.

(H) Non-transferability

A ticket is not transferable.

Note: The carrier will not be liable to the person named on the ticket if the ticket is either presented for transportation or for a refund by another person. The carrier will refuse transportation to any person other than the person named on the ticket.

(I) Prohibited Practices

The carrier specifically prohibits the practice commonly known as:

Hidden City or Point Beyond Ticketing: The purchase of a fare from a point before the passenger's actual point of origin or to a point beyond the passenger's actual destination.

Use of this practice will result in the passenger's reservation being cancelled and the passenger will not be entitled to a refund.

(J) Invalidated Tickets

If the passenger attempts to circumvent any term or condition of sale or the carrier determines that the passenger is making use of any of the prohibited practices specified in (H) above, this will cause the passenger's ticket to be invalid and the carrier will have the right to:

- (a) Cancel any remaining portion of the passenger's itinerary; and
- (b) Confiscate unused flight coupons; and
- (c) Refuse to board the passenger or check the passenger's baggage; and/or
- (d) Charge the passenger for the true value of the ticket, which shall be no less than the difference between the fare actually paid and the lowest fare for the passenger's actual itinerary.

(K) Lost Tickets

Seair Seaplanes does not issue paper tickets.

Rule 120: Limitations of Liability

Applicable to transportation within Canada

(A) Successive Carriers

Transportation to be performed under one ticket or under a ticket issued with any conjunction ticket by several successive carriers will be regarded as single operation.

(B) Laws and Provisions Applicable

Liability in the case of death or bodily injury of a passenger

1. The liability of the carrier in respect of the death of, or injury to, a passenger is limited to the sum of \$200,000 CAD.
2. In no cases shall the carrier's liability exceed the actual loss suffered by the passenger. All claims are subject to proof of amount of loss.
3. The carrier is not liable:
 - (a) In the case of any passenger whose age or mental or physical condition, including pregnancy, presents a risk or hazard, for any damages sustained by that passenger that would not have been sustained but for his/her age or mental or physical condition; or
 - (b) In the case of a pregnant passenger, for any damages in respect of the unborn child of that passenger.

Liability in the case of destruction or loss of, damage to, or delay of checked and unchecked baggage

4. The carrier is liable for damages sustained in the case of destruction or loss of, damage to, or delay of checked or unchecked baggage as set out in the following paragraphs:
 - (a) The liability of the carrier is limited to sum of 1131 SDR (approx \$1,800 CAD) for each passenger in the case of destruction, loss, damage or delay of baggage, whether checked or unchecked. However, the limit will not apply:
 - (i) If it is proved that the damage resulted from an act or omission of the carrier, its servants or agents, done with intent to cause damage or recklessly and with knowledge that damage would probably result; provided

that, in case of such act or omission of a servant or agent, it is also proved that such servant or agent was performing services for the carrier in furtherance of the contract of carriage.

- (b) If the carrier proves that the damage was caused or contributed to by the negligence or other wrongful act or omission of the person claiming compensation, or the person from whom he or she derives his or her rights, the carrier shall be wholly or partly exonerated from its liability to the claimant to the extent that such negligence or wrongful act or omission caused or contributed to the damage.

Unless the passenger proves otherwise:

- (i) All baggage checked by the passenger will be considered to be the property of that passenger.
- (ii) A particular piece of baggage, checked or unchecked, will not be considered to be the property of more than one person.
- (iii) Unchecked baggage, including personal items, will be considered to be property of the passenger who is in possession of the baggage at the time of embarkation.

Mobility aids

Note: Notwithstanding the normal carrier liability as contained in this rule, the limit of liability will be waived for claims involving the loss of, damage to, or delay in delivery of mobility aids, when such items have been accepted as checked baggage or otherwise. In the event that a mobility aid is lost or damaged, compensation is to be based on the cost of the repair or replacement value of the mobility aid.

In the event that a mobility aid is lost or damaged:

- (a) The air carrier will immediately provide a suitable temporary replacement without charge;
- (b) If a damaged aid can be repaired, in addition to (a) above, the air carrier will arrange, at its expense, for the prompt and adequate repair of the aid and return it to the passenger as soon as possible;
- (c) If a damaged aid cannot be repaired or is lost and cannot be located within 96 hours following the passenger's arrival, the carrier will in addition to (a) above, replace it with an identical aid satisfactory to the passenger, or reimburse the passenger for the replacement cost of the aid.

Service animals

Should injury or death of a Service Animal result from the fault or negligence of the carrier, the carrier will undertake to provide, expeditiously and at its own expense, medical care for or replacement of the service animal.

5. The passenger may declare that his/her baggage has a higher value than the carrier's maximum liability. If the passenger does so, then the passenger must make this declaration to the carrier at the time of check-in and, if required by the carrier, shall as per Rule 55 (E), Excess Value Declaration Charge, pay an extra amount to the carrier to allow for additional liability coverage in the case of destruction, loss, damage or delay of their checked baggage.

Note: this provision is not applicable to a person with a disability's mobility aid.

(C) Limitations of Liability

Except as any applicable laws may otherwise require:

1. The carrier is not liable for destruction, loss, damage or delay of unchecked baggage arising out of or in connection with carriage or other supplementary services to carriage performed by the carrier, unless such damage is caused by the negligence of the carrier. Assistance offered to the passenger by the carrier's employees in loading, unloading or transferring unchecked baggage shall be considered as complimentary service to the passenger. The carrier is not liable for damage to such unchecked baggage incurred during, or, as a result of this service, unless such damage is caused by the negligence of the carrier's employees.
2. The carrier is not liable for any damages directly and solely arising out of its compliance with any laws, government regulations, orders, or requirements or from the failure of the passenger to comply with same or out of any cause beyond the carrier's control.
3. The carrier is liable for damage sustained in case of destruction or loss of, or of damage to, checked baggage upon condition only that the event which caused the destruction, loss or damage took place on board the aircraft or during any period within which the checked baggage was in the charge of the carrier. However, the carrier is not liable if and to the extent that the damage resulted from the inherent defect, quality or vice of the baggage.
4. The carrier is not liable for damage to the passenger's baggage caused by contents of the passenger's baggage. Any passenger whose property causes damage to another passenger's baggage or to the property of the carrier will compensate the carrier for all losses and expenses it incurs as a result.
5. When the carrier has exercised reasonable care and attention to the handling and treatment of perishable items or fragile articles, it shall not be liable for spoilage resulting from the delay in delivery of any perishable items described in Rule 55, Baggage Acceptance, nor for the damage to, or damage caused by, fragile articles described in Rule 55, Baggage Acceptance, which are unsuitably packed.

6. The carrier may refuse to accept any articles that do not constitute baggage as this term is defined in Rule 55(A), but if these articles are delivered to and accepted by the carrier they will be considered to be within the value of the baggage and the carrier's limit of liability.
7. Liability of the carrier for damage will be limited to events on its own line, except in the case of checked baggage, with respect to successive carriage, in which case, the passenger also has a right of action against the first or last carrier involved in the transportation.
8. If the carrier issues a ticket or checks baggage for carriage on another carrier, it does so only as an agent.
9. In the case of unchecked baggage, the carrier is liable only to the extent that the damage resulted from its fault or that of its servants or agents.
10. Any exclusion or limitation of liability of the carrier under this tariff or under the passenger's ticket will apply to agents, servants or representatives of the carrier who were performing services in furtherance of the contract of carriage and also to any person whose aircraft is used by the carrier and its agents, servants or representatives who are performing services in furtherance of the contract of carriage.
11. The owner of a pet will be responsible for compliance with all government regulations and restrictions including providing valid health and rabies vaccination certificates when required. The carrier will not be liable for loss or expense due to the passenger's failure to comply with this provision and the carrier will not be responsible if any pet is refused transportation.

(D) Time Limitations on Claims and Actions

1. No action will be taken against the carrier in case of loss or delay in the delivery of checked and unchecked baggage unless the passenger complains in writing to the carrier within:
 - (a) 21 days from the date on which the baggage has been placed at the passenger's disposal (in the case of delay); or,
 - (b) 21 days from the date on which the baggage should have been placed at the passenger's disposal (in the case of loss).
2. In the case of damage to checked baggage, the passenger must complain to the carrier immediately after discovery of damage, and at the latest, within seven days from receipt of the baggage.
3. Any claim against a carrier will be extinguished unless an action is brought within two years reckoned from the date of arrival at the destination, or from the date on which the aircraft ought to have arrived, or from the date on which the carriage

stopped. For baggage claims, reimbursement for expenses will be based upon acceptable proof of claim.

(E) Overriding Law

If any provision contained or referred to in the ticket or this tariff is found to be contrary to an applicable law, government regulation, order or requirement, which cannot be waived by agreement of the parties, such provision, to the extent that it is invalid, shall be severed from the ticket or tariff and the remaining provisions shall continue to be of full force and effect.

(F) Modification and Waiver

No agent, servant or representative of the carrier has the authority to alter, modify, or waive any provisions of this tariff.

(G) Gratuitous Transportation

All passengers who are transported gratuitously by the carrier will be governed by all the provisions of this rule and by all other applicable rules of this tariff.

Rule 121: Reserved

Rule 125: Refunds

(A) General

1. The passenger must present to the carrier or its authorized agent the unused flight coupons of a ticket, an itinerary/receipt, a record locator, or a reservation number as satisfactory proof that the passenger has unused portions of a ticket which are eligible for refund.
2. The carrier will make a refund to the person who purchased the ticket.
3. If, at the time of ticket purchase, the purchaser designates another person to whom the refund shall be made, then the refund will be made to the person so designated. To do so, the passenger must contact the carrier directly.
4. Acceptance of a refund by the passenger will release the carrier from further liability.
5. In any instance where refunds are appropriate, the carrier will process requests in a timely manner and refund the fare in the original form of payment. The carrier will process refund requests within 30 business days for credit card purchases and within 30 business days for cash or cheque transactions.

(B) Involuntary Refunds

1. Involuntary refunds are not subject to any restrictions contained in the applicable fare rule.
2. The amount of the involuntary refund will be as follows:
 - (a) If, due to a schedule irregularity within the carrier's control or denied boarding in accordance with Schedule Irregularities Rule 90(C)2.(d) and Denied Boarding Rule 95(D)4., the passenger chooses to no longer travel due to loss of purpose of travel or if alternate travel could not be provided within a reasonable time, the carrier will offer a refund equal to the fare and charge paid, irrespective if travel has commenced.
 - (b) If, due to a schedule irregularity within the carrier's control or denied boarding in accordance with Schedule Irregularities Rule 90(C)2.(d) and Denied Boarding Rule 95(D)4., the passenger chooses to no longer travel because the alternate transportation offered does not meet with the passenger's satisfaction, the carrier will offer a refund equal to the fare and charge paid.

- (c) If, due to a schedule irregularity not within the carrier's control or a refusal to transport in accordance with Schedule Irregularities Rule 90(C)3.(d) and (e) and Refusal to Transport Rule 105(C)1., no portion of a ticket has been used, the amount of refund will be equal to the fare and charges paid; or
 - (d) If, due to a schedule irregularity not within the carrier's control or a refusal to transport in accordance with Schedule Irregularities Rule 90(C)3.(d) and (e) and Refusal to Transport Rule 105(C)1., a portion of the ticket has been used, the amount refunded to the purchaser will be the one that results in the most generous amount using one of the following methods:
 - (i) The difference between the fare paid and the fare for transportation actually used or to be used; or,
 - (ii) Provided that the point where travel terminated was on the passenger's routing as shown on the original ticket and the routing remains unchanged, the passenger will be refunded the difference between the one way fare applicable to the unused transportation from the point where the passenger terminated travel to the destination or next stopover point as named on the ticket or to the point at which transportation is to be resumed less the same rate of discount, (if travel is on a discount fare) that was applied to the original one way fare (including all charges).
